Microsoft Office 365 is the right choice for your business.

Office 365 fits the way you work today and tomorrow. Beginning with Word, Excel, PowerPoint and Outlook, Office 365 provides all the familiar Office applications you know, along with a dynamic set of secure cloud connected tools that help you communicate, collaborate and get more done. And it keeps itself up to date so you have the tools you need to do what you do best.

With Office 365 you can:

- Deliver your best work with the latest version of Office
- Store, sync, and share files with OneDrive for Business
- Use and access Office on virtually any device
- Trust a financially-backed 99.9% uptime guarantee

Get the most from your investment with an affordable monthly subscription, starting at \$20.00 user/month. With Office 365 Business, you have Office where and when you need it, always up to date and accessible from virtually anywhere.

Microsoft 365 is a complete, intelligent solution, including Office 365, Windows 10, and Enterprise Mobility + Security, that empowers everyone to be creative and work together, securely.

Microsoft 365 Enterprise is designed for large organizations and integrates Office 365 Enterprise, Windows 10 Enterprise and Enterprise Mobility + Security.

Microsoft 365 Enterprise:

- Unlocks creativity by enabling people to work naturally with ink, voice and touch, all backed by tools that utilize AI and machine learning.
- Provides the broadest and deepest set of apps and services with a universal toolkit for team work, giving people flexibility and choice in how they connect, share and communicate.
- Simplifies IT by unifying management across users, devices, apps and services.
- Helps safeguard customer data, company data and intellectual property with built-in, intelligent security.

Microsoft 365 Business is designed for small- to medium-sized businesses with up to 300 users and integrates Office 365 Business Premium with tailored security and management features from Windows 10 and Enterprise Mobility + Security. It offers services to empower employees, safeguard the business and simplify IT management.

Microsoft 365 Business:

- Helps companies achieve more together by better connecting employees, customers and suppliers.
- Empowers employees to get work done from anywhere, on any device.
- Protects company data across devices with always-on security.
- Simplifies the set-up and management of employee devices and services with a single IT console.
